ORDER

Paragraph 16 of the order establishing the confirmation schedule in these cases requires the parties to exchange exhibits and lists of exhibits on December 22, 2016. The order also requires each party to file its exhibit list and deliver to chambers a copy and a set of the exhibits "on the filing date." But the order does not specify what the "filing date" is. Accordingly, on the court's own motion, the order is clarified to make clear that the filing date is December 22, 2016. In other words, exhibits and exhibit lists must be exchanged, the lists filed, and copies of the lists and the exhibits delivered to chambers, on the same day.
